**Hundreds of facilities are using the LAMPS cloud application for water management plans because it's...**

**"evidence based, credible, and cost effective"**

*Katie Cary MPH, MT (ASCP), CIC, Infection Prevention Manager, Presbyterian/St. Luke's Medical Center & Rocky Mountain Hospital for Children at P/SL*

**"user friendly and easy to navigate"**

*Bill Tighe, Chief Engineer, Disney Times Square Studios, New York City*

**"simple and efficient"**

*Kevin Ullrich, LEED Green Associate Property Manager, Cushman & Wakefield, Inc.*

**"comprehensive"**

*Russell Nassof, Esq., Executive Vice President, RiskNomics*

### LAMPS gives you...

- Control measures that are unbiased, evidence-based, and defensible. Many water experts and facility professionals use LAMPS for WMPs, essentially providing constant "peer review."
- Easy editing and updating
- One-click access to any of your property WMPs
- Built-in documentation
- Built-in training
- Easy user management – assign WMP access to select team members
- State-of-the-art security
- Quick reports for control measure status – okay, due soon, overdue
- Robust analytics and graphical reports for chlorine, temperature, and Legionella results

### LAMPS makes it easy to...

- Comply with CMS and ASHRAE 188
- Be a good corporate citizen by protecting the people in your buildings
- Reduce your legal risk
- Protect your organization's image, brand, and revenue

LAMPS was developed and is managed by HC Info, a source of Legionella education, training, and consulting worldwide since 1995.

Our company is an approved HC Info WMP Partner. We can set up a LAMPS WMP for you.
